IMPORTANT!

Please read carefully before opening!

You must:

- Store inside the supplied sealed plastic sleeve at all times.

You must not:

- Fold or bend the decal sheet at any time.
- Expose to rapid temperature changes. Avoid direct sunlight and high humidity.
- Squeeze or stack object on top of your decals.
- Touch the back of the decal with your finger or any other object.

Your decals are mounted on a silicone sheet and backed with a release paper.

Besides the non-stick backing paper, the first surface the back of the decal should touch needs to be the surface you intend it to be affixed to. The decals have a pressure sensitive adhesive with a very high “grab” so please handle them very carefully.

Please visit my web site for detailed instructions on how to apply these decals.
